

IMPORTANT NOTE FOR WEBINAR ATTENDEES

Omega Healthcare offers industry-specific webinars at no cost to attendees. Our Coding Webinars and Tumor Talk webinars are approved by AHIMA, AAPC, or NCRA respectively and provide Continuing Education Units (CEUs). Please review the important information below if you choose to attend one of our free webinars. Omega Healthcare is not responsible if you do not qualify for or fail to download your CEU certificate.

- You must attend at least **45 minutes** of the webinar to be eligible for CEUs. For **on-demand sessions**, you are also required to pass the post-assessment with a minimum score of **70%**.
- You must register for each webinar using a **valid email address** to receive your viewing invitation. If you use a work email, it may get flagged as spam. We recommend adding **himeducation@omegahms.com** to your contacts and checking with your IT department if needed.
- CEU certificates will be available for **immediate download** following the webinar **only if you attended for at least 45 minutes**.
Please note: CEU certificates will no longer be sent via email. You will need to download them **during the live session only** by clicking the certificate icon on the ON24 dashboard. Please ensure your browser's **pop-up blocker is disabled**.
- If you forget to download your CEU certificate during the session, you can return to the **same webinar link** to access and download it afterward.
- To download your CEUs, look for the two separate icons for **AAPC** and **AHIMA** certificates in the webinar panel. The icons will be highlighted. For the Tumor Talk, you will be given the NCRA certificate.

When the **light turns green**, click on view certificate to view CEU and click on save to download.

ADDITIONAL CEU & WEBINAR INFORMATION

Omega Healthcare offers both **AHIMA and AAPC CEU certificates**, which are available for download after you have watched at least **45 minutes** of the webinar. For **coding on-demand webinars**, attendees must also pass a post-assessment with a **minimum score of 70%** to qualify.

Note: This assessment requirement does not apply to Tumor Talk webinars.

- A **follow-up email** will be sent **2 to 3 weeks** after the webinar containing the final **Q&A**, **handouts**, and **recording link**.
CEU certificates will not be shared via email.

- Please check your **junk or spam folders** for emails from **HIMEducation** and mark them as “Not Junk” to ensure you don’t miss future communication.
- It is the **attendee's responsibility to download, print, and store** the CEU certificate for future use. You will need this documentation when renewing your certification. Omega Healthcare will **not track or resend CEU certificates**.
- **CEU validity periods:**
 - **AAPC CEU:** valid for **1 year** from the webinar date
 - **AHIMA CEU:** valid for **2 years** from the webinar date
- Omega Healthcare will **record all webinars** and upload them to our website. You may attend either a **live** or **on-demand** session to qualify for CEUs.
- To register for upcoming **live** or **on-demand webinars**, please visit: [Educational Series | Omega Healthcare](#)
- Please note: **You will not receive further email reminders** after the webinar.

Omega Healthcare remains committed to the ongoing professional development of HIM specialists. These changes ensure we can continue offering high-quality educational webinars at no cost to attendees.
